

# IMPORTANT UPDATE

**From Essential Therapy Clinic**

**It is with much sadness that we have to temporarily close the salon.**

**This is following a government guideline that was issued on the 20th of March.**

The government issued the list last night that includes Spas, wellness centres and massage clinics, plus businesses that involve social contact which will increase the chances of the infection spreading.

**We will keep you updated via Facebook, email and our website letting you know when we are allowed to re-open.**

### **Gift Vouchers**

All currently valid Gift Vouchers will have their expiry date extended by the length of time we have to be closed for.

### **Dermalogica Products**

These will continue to be available for purchase and collected from salon or posted out if you prefer. Please email us with your order [essentialtherapy@talktalk.net](mailto:essentialtherapy@talktalk.net)

**Take care all & here's hoping we'll be open very soon.**
